

ABBOTT BALL COMPANY

West Hartford,
CT

ENVIRONMENTAL POLICY

The Abbott Ball Company and its employees will strive to preserve and protect the environment by conserving energy, promoting pollution prevention, satisfying compliance obligations and continually enhancing methods to re-use and re-cycle throughout our process and facility.

It is the company's intent to maintain our high standard of customer satisfaction while promoting environmental awareness and conservation through achievement of goals set.

Abbott Ball will promote awareness and conservation through production practices, employee training, and customer communications.
